CENTURY

Change life and embrace future!

Keep Moving, Enjoy Changes, To be a Reliable & Strategic Partner!

Launched in 1990 by Cellularline SpA., a firm from Reggio Emilia, it was conceived as distributor for the first mobile phones, and the brand owes its leadership position to its extensive experience of over 25 years in the field of telephony.

It was the lack of autonomy of the E-TACS phones in the early years, that drove Cellularline SpA. to start producing mobile phone accessories, in particular the car charger, and launch a dedicated brand.

In 2005, Cellularline SpA. became a group, successfully imposing its leadership position in new distribution channels and new sectors, with accessories for, in addition to smartphones, also tablets and MP3 players.

Furthermore, in 2013 the majority shareholding of the company was taken over by L Capital, Private Equity Fund of the LVMH Group, marking a new evolutionary path towards internationalisation and brand statement: in addition to the 4 European branch offices (in Italy, France, Spain, Switzerland), the company now boasts an intercontinental distribution of the Cellularline brand in over 60 countries.

Kjell & Company in numbers

- 114 stores in Sweden and 30 stores in Norway as well as e-commerce via kjell.com.
- Close to 1,000 employees - with a logistics facility and head office in Malmö.
- Purchasing office in Shanghai since 2007.
- Over 2 million members in our customer club.
- Winner of "Shopping Experience of the Year" in the Retail Awards 2022

Kjell & Company is one of Sweden's strongest brands and a leading player in Swedish retail. The company has more than 30 years of experience in home electronics combined with solid knowledge and personal advice.

Today, Kjell & Company is present on both the Swedish and Norwegian markets (since 2015), with a store network that stretches from the northernmost north to the southernmost south.

Kjell & Company is part of the Kjell Group, which is listed on Nasdaq First North. Together with Danish AV-Cables, which is also part of the Kjell Group, the group has a unique understanding of people's technology needs.
